

# PRESSURE CONTROL EQUIPMENT

WE HAVE IT COVERED

A GLOBAL LEADER IN THE RENTAL OF  
OILFIELD EQUIPMENT, SUPPLIES AND SERVICES

# CALM UNDER PRESSURE...

**PRESSURE CONTROL EQUIPMENT FOR EVERY REQUIREMENT, WITH EFFICIENT, RELIABLE SERVICE FROM OUR MANY LOCATIONS AROUND THE WORLD.**

Established in Singapore 1994, Certifield Oilfield Rentals (COR) has since grown to become one of the biggest independent oilfield rental tool companies in the world, covering Africa, America, the Far East, Middle East regions and beyond.

As part of our continual growth, both in terms of geographical coverage and capabilities, we have heavily invested in new Pressure Control Equipment to add to our already extensive product inventory. New equipment including Blowout Preventors, Choke and Kill Manifolds, Diverter Stacks, Accumulator Units, DSA's and Drilling Spools, Manual and Hydraulic (Chokes and Valves) and much more, are now available from our many operational bases in in Africa, Latin America, Far East and Middle East.

COR's additional services also provide in-house inspection services, manufacture and repair facilities on-site. COR operate to the highest industry quality standards and accreditations, giving our clients peace of mind as well as saving time and cost. Our management level staff all share a wide-ranging skill set combined with many years experience from all regions of the world, from various backgrounds in the oil and gas industry. This way we are able to offer our clients unparalleled regional and product specific knowledge.

Visit our website [www.correntals.com](http://www.correntals.com) to find your local COR base, or email us at [pce@correntals.com](mailto:pce@correntals.com) to find out how we can help.

# THE RIGHT TOOLS FOR THE JOB...

COR stands behind its commitment to providing clients with the highest quality oilfield rental equipment with professional staff available to provide 24 hour support. We have provided rental equipment directly to over 200 different companies located in over 33 different countries worldwide and are a proud member of the International Association of Drilling Contractors (IADC).

In addition to our rental fleet of Pressure Control Equipment, COR specializes in providing a wide range of rental equipment including pipe handling tools, BHA components and downhole drilling tools, wellbore cleanout tools, torque and drag reduction tools and tubulars with a

wide range of sizes, grades, proprietary connections and varied configurations.
